

## MISSION FOCUS

### **Brian and Ruby VanderArk** **SIM-International Health Ministries Team**

PRAY for Brian and Ruby VanderArk working with SIM International Health Ministries Team. Brian serves alongside medical teams supporting and facilitating evangelism efforts, training chaplains, and connecting patients and staff with local churches and discipleship. PRAY as Brian assembles a ministry manual for hospitals with a September publication goal. The ministry manual would provide a format for chaplain training, outreach, and discipleship in the hospital setting including after care. PRAY as Brian anticipates ministry in Angola and Liberia in the coming months that God will meet significant financial travel needs. Congratulations to Ruby on completing her Master's Degree in Reading Education. PRAY as she returns to the classroom in a few weeks. Brian and Ruby are thankful for and encouraged by the financial and prayer support of the GBC family.
